

COVENANT

Truism Sheet

INTERESTING TO PLAY WITH

The ends justify the means
All good men die young
A cause is worth dying for
My comrades will see me through
Follow orders and the job gets done
No good ever came from betrayal
Respect your elders
Power corrupts
People can't handle the truth
our sins will find you out
Insanity brings clarity

History is written by the victors
Together we are stronger
Honesty is the best policy
Secrets are best left untold
Your sins will find you out
Time heals all wounds
Truth is found in lies
United we stand, divided we fall
One man can make a difference
